May 2007,

Dear Members of the Caribbean Association of Otolaryngology,

I am honored to announce to your esteemed organization the founding of the **Halda Claudius Shaw DDS, MD, MS Award** which will be instituted at the National Medical Association Meeting in Hawaii this year.

This award will be given to sons and daughters of the Caribbean whom hold an active membership in both societies for greater than three years. They must exemplify the qualities of Dr. Shaw to include but not limited to scholarship, integrity and devotion to the discipline of Otolaryngology by promoting and protecting our specialty on an international level.

Please plan to join us on this joyous occasion and help us celebrate on of the pillars of our international community as well as attend our educational program and enjoy relaxing in Hawaii.

For more information on the conference please refer to our website at www.nmanet.org and click on:

Looking forward to seeing you there!

Sincerely,
In fellowship, Scholarship & Innovation,

Lisa Perry-Gilkes, MD FACS
Chair Otolaryngology Section, NMA & President Barnes Society
